Make a difference. Become a ReadingPal.

Since joining United Way's ReadingPals program at Chappell Riverplace, Peyton has blossomed into a confident pre-kindergarten reader. Paired with a ReadingPal volunteer, Peyton has developed key cognitive and literacy skills that will enable her to enter kindergarten reading and ready to succeed. Her vocabulary has significantly improved, and her excitement for reading has grown. Peyton's mom, Aaron, said, "She has more of a love of reading. Now she's sounding out words and reading to us!"

Great Things Happen When We Live United

ReadingPals

A United Way of Northeast Florida Initiative

Inspire a love of reading!

United Way of Northeast Florida's ReadingPals initiative matches committed, trained volunteers with pre-K students who need extra help getting ready for kindergarten. Not only does ReadingPals improve children's literacy and oral language skills, the initiative builds meaningful relationships by providing the individual attention many kids need to thrive.

Volunteer today to become a ReadingPal to help preschool children become reading ready! For more information, visit: unitedwaynefl.org/readingpals

ReadingPals partners: United Way of Northeast Florida, United Way Women in Local Leadership, Jacksonville Public Library, Children's Movement of Florida, Early Learning Coalition of Duval, Duval County Public Schools, the Jacksonville Children's Commission, and Carol and Barney Barnett.
